

Spam e-mail making you CRAZY?

CNS

UF Computing & Networking Services

Has The Answer!

Save time, hassle, and annoyance by eliminating most "spam" before you even see it!

Are you spending **hours** wading through e-mail that has nothing to do with your job?

UF Computing & Networking Services (CNS) now provides automated "spam-scoring" for GatorLink e-mail. You can set up your e-mail program to read the spam score and filter out the junk using these new **FREE** spam filters.

"How-To" articles using GatorMail, Outlook, Netscape/Mozilla/Thunderbird, Pine, and Eudora are available at

www.cns.ufl.edu/spam
